

Volunteer Role Profile

Volunteer Role

Code Club Volunteer

Volunteer Manager

Libraries Coordinator

Where you will be based

Community

Why we want you

To lead, with other volunteers, a weekly Code Club Session at Bulwell Riverside Library for children aged 8-13 years. You'll help participants gain the confidence to code using the Code Club resources around Scratch, Python, and other programming languages. Please note you do not need to have previous experience in computer programming to be a Code Club volunteer.

What you will be doing

- Supporting / Leading on Code Club Session at Bulwell Riverside Library Tuesday Afternoons 4.30pm-6.30pm.
- Supporting children in Code Club projects such as Scratch, Python and HTML/CSS
- Assist with the set up and clearing of the sessions each week
- Collaborate with other volunteers and staff to deliver the sessions and ensure cover for all sessions
- Comply fully with existing policies of Nottingham County Council

The skills you need

- Are warm, friendly and patient individual
- Can relate to young children and their families and interact with them in a positive manner
- Have confidence in leading the sessions
- Have confidence using computers, you don't need to be experienced in coding, but you need confidence in using computers and the ability to learn programs like Scratch
- Able to commit to 6 sessions

What's in it for you

- Experience of working with children on a 1-1 and group basis in an informal environment
- If you're new to coding this is a fun and practical way to develop your coding skills
- Great to add to your CV

Disclaimer

An enhanced DBS and two satisfactory references are required for this role
Volunteers will also need to be registered directly with Code Club, which we will assist with.
